portfolio-wi6z.vercel.app

Developer with a Java/Spring Boot and Node.js/Express stack, hands-on experience building real-world projects with React, Supabase and production deployments. Advanced Systems Engineering student at UTN FRC. Looking for my first IT role where I can contribute clean code, solid architecture knowledge and a fast learning curve.

PROJECTS

Appointment System — Hair Salon · React · Node.js · Express · Supabase · Render

- Full-stack web app for a real client managing bookings with a reservation calendar and category-based registration (women, men, children).
- Admin panel with authentication, day/time blocking and a bookings statistics dashboard.
- Deployed to production: frontend on Vercel, backend on Render, database on Supabase.

Hospital Appointment System · Python · Tkinter · ECB Pattern (Jacobson) · SOLID

- Desktop application for medical appointment management with a Tkinter GUI.
- Architecture built around the Entity-Control-Boundary (ECB) pattern with clear separation of entity, control and boundary layers.
- Refactored following SOLID principles: single responsibility, dependency inversion and removal of hardcoded values.

TECH STACK

Backend: Java, Spring Boot, Node.js, Express, Python, REST APIs, JWT

Frontend: React, JavaScript, HTML, CSS

Databases: PostgreSQL, Supabase, SQL

Tools: Git, GitHub, Docker, Docker Compose, Postman, Linux, Vercel, Render

Concepts: OOP, SOLID, microservices, ECB pattern, JWT authentication

EDUCATION

Systems Engineering (B.Eng.) · Universidad Tecnológica Nacional — FRC 2022 – *Present*

High School Diploma — Natural Sciences · Instituto General San Martín 2015 – 2020

WORK EXPERIENCE

Mozo de Parador / Waiter · Roll and Rock Beach House — Punta del Este, Uruguay *Dic 2024 – Ene 2025*

Sales Associate · Cremolatti — Villa Allende, Córdoba *Feb 2024 – Sep 2024*

Waiter · Alma de Pueblo — Villa Allende, Córdoba *Ago 2021 – Feb 2022*

Experience in high-demand environments: teamwork under pressure, accountability, customer service and adaptability in international contexts.

LANGUAGES

Spanish (native) · **English** B1 — fluent technical reading, documentation and written communication.
